

2023 INEX BANDOLERO RULES

GENERAL

The Orange County Speedway Bandolero Series will follow all rules set forth by INEX in the [2023 INEX Rulebook](#) with exception to the following:

- Maximum gear ratio 400 using only approved front and rear gears sold by 600 racing (FINAL DRIVE RATIO CANNOT BE LOWER THAN 400)
- Blue Restrictor Plate
- Off Premises pump gas 87-94 Octane will be allowed
- Racing fuel can be purchased on race day from OCS (Sunoco 110) This is the only racing fuel that will be permitted. **NO OTHER RACING FUEL WILL BE ALLOWED.**
- **OCS will follow the specific gravity rule set forth in the 2023 INEX rule book.**
- Maximum Tire pressure rule of 40 PSI at the start of the race (Hoosier Tires & INEX Tires)
 - While INEX will consider both the INEX Bandolero Racing Tire and Hoosier Bandolero Racing Tire as legal for the 2023 racing season, **the decision as to which tires individual tracks will allow is at the discretion of those specific tracks.**
- RACEceiver will be required for practice and race.
- Fire systems must be fully charged and 100% functional. Must be located in the same locations permitted for lead. (Cockpit area only)
